Tri-Nations (July-Sept.) – 9 matches

A sampling of other programming that will air on Fox Soccer *Plus* includes *Passport to South Africa*, *Ticket to South Africa*, *Sky Sports News* and *Fox Soccer Report*.

Q: Where can I watch Fox Soccer *Plus* and how much will it cost?

A: Fox Soccer *Plus* is currently available to subscribers through DIRECTV, DISH Network, and Verizon FiOS. We are working with other major cable, satellite and telephone video providers that currently offer Fox Soccer Channel to make Fox Soccer *Plus* available. For more information on where Fox Soccer *Plus* will be available and subscription fees go to www.foxsoccerplus.com. Programming from the channel is also available live online via broadband video at foxsoccer.tv.

Q: Will there be changes to the programming on Fox Soccer Channel?

A: You'll still enjoy the same great coverage you currently receive on Fox Soccer Channel. Fox Soccer *Plus* will offer more matches from the Barclays Premier League, UEFA Champions League, Serie A and FA Cup, plus additional programming that is unique to the new channel such as premium rugby.

Q: Are you going to add matches from France's Ligue 1, the Scottish Premier League or other European soccer competitions?

A: Fox Soccer *Plus* does not currently have broadcast rights to these competitions, but we continually evaluate broadcast properties as rights become available. The network determines its programming by the availability of league broadcast rights, viewer interest and business considerations.

Q: Will www.foxsoccer.tv be affected?

A: With the debut of Fox Soccer *Plus*, subscribers to foxsoccer.tv – Fox Soccer Channel's online video streaming service – will enjoy additional live and on-demand match coverage.

Q: I thought Fox Soccer Channel and Fox Soccer *Plus* were available in HD but I am not able to get it in HD with my provider. Why is that?

A: While both Fox Soccer Channel and Fox Soccer *Plus* are available in HD, not all providers currently deliver the networks in HD. Please contact your local provider to see if it carries either network in HD.
